TASK ORDER - 101

Annual Demolition Contract ENV 12-10: DEMO

Project No: 2013-3-101

Date Issued: 3/14/13

Contractor:

Garrett Demolition

1. **PROJECT SITE:** 3636 East Berry Street 1605 Grand Avenue
Fort Worth, Texas Fort Worth, Texas

2. DESCRIPTION OF PROJECT:

1605 Grand Avenue – The structure at 1605 Grand Avenue is a two-story garage apartment with a partial basement. The estimated size of the structure is 600 square feet. The basement portion of the structure has a concrete slab which may remain; however the rock wall foundation should be removed. A large dead tree on the north side of the structure should also be removed. Please conserve as many living, adjacent trees as possible.

3636 East Berry Street – The structure at 3636 East Berry Street is a single-story residence with a pier and beam foundation. Please remove the foundation as part of the demolition. TAD estimates the size of the residence at 1,050 square feet. Please conserve as many living, adjacent trees as possible.

NESHAPS demolitions of structurally-unsound residential properties described below:

Address	Asbestos Abatement Required	TAD Account #	Square Footage (SF) of Structures	Special Instructions
1605 Grand Avenue	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		600	Remove dead tree by side of structure. Also remove rock wall foundation. ■
3636 East Berry Street	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		1,050	*For residential properties, slab-on-grade foundations will remain. Do not destroy. Pier & Beam will be removed and site grading of area will be required.

In accordance with the City of Fort Worth policies and procedures, prior to actual asbestos abatement or demolition activities beginning at the above mention project site, a Code Compliance officer must administratively provide site clearance to Contractor immediately before active work activities begin. Once the "clearance" is received, work activities may begin in earnest. Additionally, City of Fort Worth personnel and Contractor personnel must be present during the entire asbestos abatement or demolition activities through final site completion and acceptance of the work performed.

Contractors's proposal for these services is attached hereto and incorporated into this Task Order.

COMPENSATION

The total cost for the amount of the Task Order is **\$10,750.00**. All costs incurred under this Task Order shall be in accordance with City Secretary Contract CS44188.

TASK ORDER - 108

Annual Demolition Contract ENV 12-10: DEMO

Project No: 2013-6-108

Date Issued: 6/19/13

Contractor:
Garrett

CSC# 44188

1. PROJECT SITE: 3507 Lebow Street
Fort Worth, Texas 76106

2. DESCRIPTION OF PROJECT:

3507 Lebow Street - The structure at **3507 Lebow Street** is a vacant residential structure. The residence is a single-story, wood framed building on a concrete foundation with wood siding covered by a vinyl siding exterior. The estimated size of the residence is 1,500 square feet and it was constructed in 1964. An asbestos survey was conducted on the residence by the City of Fort Worth, and **asbestos-containing materials were identified, and asbestos abatement will be required. Based on the asbestos survey, approximately 360 square feet of floor tile and associated mastic will be abated prior to demolition.** Please remove the foundation of the residence, any associated paved areas (driveways) and associated fencing. A wood shed and a metal shed are also associated with the residence and will be demolished and removed.

Please conserve as many living, adjacent trees as possible.

Address	Asbestos Abatement Required	TAD Account #	Square Footage (SF) of Structures	Date of Demolition to be Completed	Special Instructions
3507 Lebow Street, Fort Worth, Texas 76106	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		1,500 SF	6/28/13	Abate 360 square feet of floor tile and mastic. Remove foundation, other paved areas, and fencing associated with the site. Also remove wood shed and metal shed. Grade site. Salvage what trees you can.

Note: City of Fort Worth personnel and Contractor personnel must be present during the entire asbestos abatement or demolition activities through final site completion and acceptance of the work performed. If the site is to be "unmanned", then safety precautions must be implemented as per existing contract.

Contractor's proposal for these services is attached hereto and incorporated into this Task Order.

COMPENSATION

The total cost for the amount of the Task Order is **\$8,539.00**. All costs incurred under this Task Order shall be in accordance with City Secretary Contract **CS44189**.

TASK ORDER - 104

Annual Demolition Contract ENV 12-10: DEMO

Project No: 2013-4-104
